Revenue Generation

Generate a significant, predictable revenue stream with our revenue-sharing model. We handle operations.

Environmental Responsibility

Showcase your commitment to sustainability and attract environmentally conscious businesses and residents.

Average Potential Revenue Generated

$500

Per Month Per Spot

Optimal Factors for Hosting EV Fast Chargers

The ideal host property for EVgo fast chargers provides:

- 24/7 Access to chargers
- Space for electrical equipment
- ADA accessibility (if applicable)
- Ability to dedicate at least three parking stalls to EV fast charging
- A convenient high traffic area with public access (grocery store, retail shopping center, gas station, parking lot/structure, or hotel)

Contact us to discuss your property and its suitability for EV charging station installation. We'll conduct a site assessment to determine the optimal location and number of stations.
